Once you decide to join one of our A-CSPO programs, we will provide you with the payment link to make the payment. We have a wide range of options such as online payment, NEFT transfer, and credit card.
You have to complete a pre-workshop assessment which will have some questions for which you need to fill the answers, go through some reading material. All this work takes around 8 to 12 hours. So we will send this assessment information one week before the training starts.
3
Pre workshop assessment
Welcome mailer
4
Once the payment is done, we will send you an email with the details of training including: Dates, timing, Zoom link if it is Live virtual, Venue details if it is a Physical classroom training, pre-workshop reading material details. This helps you to get prepared for the Training.
As per the schedule details shared with you, you will join the training (either Live virtual or Physical classroom). We will share the participant handout to you one day before the training for live virtual workshop and on the first day of the training for physical classroom training.
5
Join the Training
Download the Certificate
6
After successful completion of the A-CSPO training, you can immediately download the certification from your Scrum Alliance dashboard. You can download the certification in different formats like Cover size, A4 size in PDF format.
Once you download the certification, we recommend you to promote it in professional social media such as Linked in so that it helps you to promote your achievement in your network. This helps you to improve your professional growth.
